Subject : Ambulance

Dear Sir,

We confirm you that the car body MERCEDES SPRINTER (type A1, A2, B, C) has performed successfully the test "Crash 10 g" according to the standard NF EN 1789 (2010) and its guideline GA S64-022 (2008).

The technical files for each type of ambulances have to be provided us for allow to you to continue the complementary tests according to the NF EN 1789 (2010) and the GA S64-022 (2008).

Yours faithfully,

A handwritten signature in blue ink, appearing to read "Severine", is positioned above the printed name and title.

Séverine GUILLAUME
*Unit Manager of Homologation Technical
Coordination*
